Doubts

This is the Test window. This window has a list of live exams. If you choose any exam, there will be instructions about it. And time is set for each exam. The answer is marked and the correct answer is displayed. Subject wise tests will also be available here.

### Instructions

1. Make sure you have a good internet connection.
2. Log out of Blackboard and then back in to Blackboard before you begin. This will help with connectivity issues.
3. If you are taking the exam late in the day, it is recommended that you reboot your computer before beginning to free up memory resources from other programs on your computer.
4. Shut down all Instant Messaging tools (Skype, AIM, MSN Messenger) and Email programs as they can conflict with Blackboard.
5. Enter the Blackboard course using Firefox.
